

CSR policy

As a leading Danish law firm we recognise our obligations to our stakeholders, including clients, employees, suppliers and the society that we are a part of.

Our CSR policy focuses on governance, ensuring an ambitious, attentive and safe working environment and using our competences for the benefit of charity work for persons or groups in Denmark.

We have joined the UN Global Compact, and in doing so we undertake to support the ten principles that are universally accepted in the areas of human rights, labour, environment and anti-corruption.

We will:

- Provide legal advice according to the highest ethical and professional standards
- Operate our firm in a socially and environmentally responsible manner
- Provide free legal advice (pro bono)
- Otherwise support the local community, eg through school projects

Pro bono work

A central element of the CSR work is to use core competences for charitable work in the local community (pro bono).

Our core competence is legal knowledge. We want to provide free legal advice of our usual high standard primarily to selected organisations that support poor, less privileged or marginalised persons or groups in Denmark.

For the purpose of supporting law studies in Denmark and making the students aware of the importance of pro bono work we provide, among other things, legal advice in collaboration with law students selected by the association of law students at the University of Copenhagen. We are responsible for the provision of such advice. This collaboration is called »Student Volunteers«.

Each year Plesner donates a considerable number of hours to our attorneys' participation in pro bono work.
